

Create And Configure IBM Cloud Services

Create IBM Watson IOT Platform And Device

Date	16-11-2022
Team ID	PNT2022TMID14081
Project Name	Real-Time River Water Quality Monitoring and Control System

The screenshot displays the IBM Cloud dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the 'IBM Cloud' logo, a search bar, and navigation links for 'Catalog', 'Manage', and a user profile for 'vinisha Senthilkumar'. A 'Create resource' button is visible in the top right. The main content area is titled 'Dashboard' and features a 'For you' section with six recommended actions: 'Build' (tutorials), 'Build a web app with Watson Speech to Text' (15 min), 'Get Started with Watson Studio' (2 hr), 'Build a Virtual Private Cloud (VPC)' (7 min), 'IBM Watson Knowledge Catalog' (2 min), and 'IBM Cloud Migration Services' (5 min). Below this, there are four panels: 'News' (with links to SLSA and WebSphere support), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (showing a world map). The bottom of the image shows a Windows taskbar with various application icons and a system tray indicating 82°F, cloudy weather, and the time 15:14 on 15-11-2022.
